

Go With The Flow

Life's too short
Can't waste time
You need to
Make up your mind

You like it
Where it stands
Keeping me
Close at hand

Lips speak
Such sweet words
But actions speak louder
You heard

Listen to what
I say
Put out
Or go away

You take each day
One day at a time
And you deal
Moment by moment

I plan each day
With ev'ry second of time
Just a little uptight
But I try not to show it

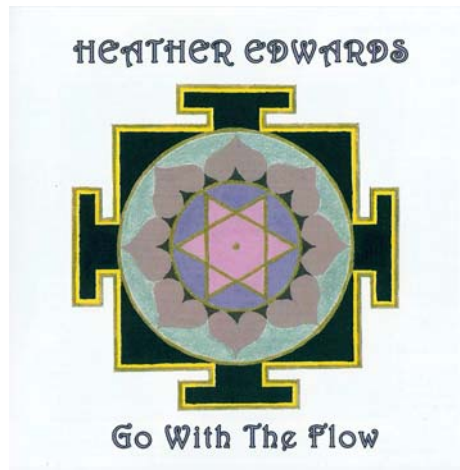

Then you tell me
And you keep tellin' me
And you keep tellin' me
Go with the flow

You say that I
Am so impatient
You think there's
All the time in the world

I think that you
Must see my reasons
To pass this up
Would be absurd

(Chorus)

But sometimes
It drives me crazy
But sometimes
It drives me crazy

You

You're the one that I want
You're the one that I need
You're the one

You
You know how I feel
And our love is so real
You're the one

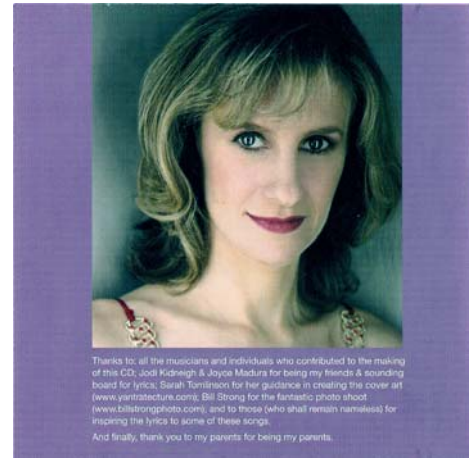

You
You are my bliss
And I love when you kiss (me all
over)
You're the one

Your mind and your soul
Are so beautiful
To know that you love me
Makes my heart so full
When we are together
It's so natural
'Cause I'm meant for you
And you are meant for me

You
You're the one I adore
You're the one I live for
You're the one

You
You're the one that I want
You're the one that I need
You're the one

You
You're the one
Yes You are the one
You're the one
You are Love

Won My Boyfriend On Ebay

Won my boyfriend on eBay
What else can I say?
He was such a great deal

I researched the seller
His ratings were stellar
Was it too good to be real?

I put in my first bid
I hoped that I'd win
It would be such a steal

Received confirmation
Was filled with elation
It was my lucky day

I sent in my payment
They emailed the statement
He would soon be on his way

I'm not very rich
There was just one hitch
The shipping for my boyfriend
was a bitch

Unwrapped the package
There was no damage
And his parts were all there

At no extra fee
Lucky for me
He had a lifetime guarantee

Won my boyfriend on eBay
What else can I say
He was such a great deal

I've Decided

I've Decided
I can have my say
Make my dreams come true
Starting today

I've Decided
To get what I want
'Cause I've worked hard and
I deserve it

I've Decided
I can have it all
Nothing gets in my way
I'm standing strong and tall

I've Decided
My purpose on earth
Only I can determine
My own self worth

I've Decided
I've Decided
I've Decided
I Have Decided

I've Decided
To put up a fight
'Cause I know the difference
'Tween wrong and right

I've Decided
I control my own fate
It's my life to live
Not yours to dictate

I've Decided
To attain my goals
To rely on myself
Not other people's roles

I've Decided
To set myself free
Can't help everyone
I gotta take care of me
I've Decided
I've Decided
I've Decided
I Have Decided

Feeling
And healing
It's all about believing
Communicate
Illuminate
Take control of your fate
Compassion
And action
To reach for satisfaction

Elation
Salvation
It's all part of the equation

I've Decided
I can have my say
Make my dreams come true
Starting today

I've Decided
To get what I want
'Cause I've worked hard and
I deserve it

I've Decided
I can have it all
Nothing gets in my way
I'm standing strong and tall

I've Decided
My purpose on earth
Only I can determine
My own self worth

I've Decided
I've Decided
I've Decided
I Have Decided
